All are welcome – refreshments will be served

On Friday, September 19, the Matsunaga Institute for Peace and Conflict Resolution will host a forum and public gathering in celebration of International Peace Day. We remember Senator Spark M. Matsunaga, who led the campaign to establish the U.S. Institute for Peace and served for many years as a “father” to the University of Hawai`i’s Institute for Peace. We also reflect on what we can do -- as a nation, as a university, as individuals -- to realize the vision of Spark Matsunaga and promote positive peace.
